### Be Warned

In time. Kidney diseases may be prevented by puritying, renewing, and invigorating the blood with Ayer's Sarssparilia. When, through debility, the action of the kidneys is perverted, these organs rob the blood of its needed constituent, ablumen, which is passed off in the urine, while worn out matter, which they should carry off from the blood, is allowed to remain. By the use of Ayer's Sarsaparilia, the kidneys are restored to proper action, and Albu-minuria, or

is prevented. Ayer's Sarsaparilla also prevents inflammation of the kidsers, and other disorders of these organs. Mrs. Jas. W. Weld, Forest Hill ist, Jamaise Plain, Mass., writes: "I have had a complication of diseases, but my greatest frouble has been with my kidneys. Four bottles has been with my kidneys. Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Burdett, Troy, Iowa, writes: "For nearly two years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in fiesh, and very much debilitated. A friend of mine, who had been similarly afficted, advised me to try Ayer's Pills.
